

THOROUGHCLEAN

WATER BLASTERS Over engineered — On purpose

is glad to announce that we are now the
Exclusive Australian Distributor of

HAWK
INTERNATIONAL®

**The pump is at the heart of your Pressure Cleaner
- make sure it's a **HAWK!****

We choose **HAWK because of it's exceptional quality,
reliability and efficiency.**

Pumps come complete with brass or stainless steel heads (depending on models), 316 stainless steel camshafts, valves & pistons. The pistons are also ceramic coated for resistance to wearing and heat damage. Pumps are available from 1,450 PSI to 5,000 PSI, 8 LPM to 80 LPM.

HAWK pumps are the best in the high pressure cleaning industry!

Hawk Pumps are fully rebuildable & repairable and parts are readily available ex-stock.
